

Assalamulaykum WW/Peace be upon you all,

Pray you are all well.

Following from recent events, the pandemic & all those who are suffering or have lost their lives, I have been doing a lot of thinking about how short life really is and what is really our true purpose. Therefore, I had an idea to do a weekly fundraiser, every Jumma, where we individually donate a little amount, could be £1 or more, but collectively we can raise hundreds & raise towards a different project every week.

The projects will be announced on the day of each fundraiser & will start each Thursday after Magrib till Magrib the following day. The projects will cover a wide range of aid, which could be, water sanitisation, empowerment projects, food aid or even aid towards orphans to put a smile on their face.

This will enable us to remember to take out our weekly or daily charity. To help us remember the less fortunate & how blessed we really are & on top of all, be a means for us to accrue rewards in the hereafter.

Feedback will be provided via social media & every week, details of each individual projects will be posted upon announcement of the weekly project.

May Allah SWT grant us the ability to take part, make it easy for us and most importantly, accept. Ameen

Jazaka'Allah Khair

Mohammed Congress | Benefit Mankind

### Weekly Projects Timeline
