THE BEST OF MANKIND ARE THOSE WHO
BENEFIT MANKIND

OUR JOURNEY SO FAR

WWW.BENEFITMANKIND.CO.UK

Assalamualeykum WW.

May peace and blessings be upon you all.

The past few years have been full of challenges, trials, and uncertainty with the pandemic and the cost of living crisis which has affected the whole world. We are all facing unprecedented situations that are impacting us personally and professionally.

Benefit Mankind was established with one vision: to help mankind and make a lasting difference. Since our inception a few years ago, we have actively been assisting humanity; with projects such as empowerment, education, emergency aid, water sanitation, shelter, orphan/widows support, and locally homeless projects, tackling domestic violence and supporting struggling families across the UK. A special thanks to our dedicated volunteers and generous donors- your support is invaluable without it we would cease to exist.

The relentlessly escalating climate change has also fuelled hunger and suffering worldwide. This was another important priority for Benefit Mankind, we supported some of the communities hit hardest by the increased frequency and severity of storms, floods and drought.

Our projects are helping these communities to forge livelihoods that can better withstand extreme weather. For instance, the Education projects equip people with knowledge thus, enabling them to make smart use of renewable energy and in turn making positive changes within their lives.

Over the past few years we won the, 'Group of the Year' award and the, 'Community Award' (which was nominated by the public). Furthermore, we were selected as the official charity partner for, 'Blackburn Rovers Football Club'. Such accolades are a testimony to the great service being provided both locally and internationally.

We urge you all to support our projects online at www.benefitmankind.co.uk. Help us to increase our capacities in reaching out to the poor and needy, as they are inflicted with the many disasters that have now become a present norm.

At Benefit Mankind, we always strive to serve humanity in a professional, efficient and effective manner. All our feedback is posted daily on our website and social media channels. If you haven't yet subscribed to our channels, please do so and share with your loved ones.

Finally, from myself and our respected trustees, we would like to thank you all for your continuous support and generosity. Please stay safe during these challenging times and keep us in your prayers.

Kind Regards,

(Hafiz, Prof, Dr) Abdussamad Mulla
Chief Executive Officer
Dr, PhD, Litt, Hons - USA & Spain

Since establishing in 2020, we have actively been supporting local projects in the UK which include: tackling domestic violence, cost of living crisis, homeless support, care home projects, dementia care and increased projects in relation to cancer awareness.

Many people are struggling to pay their bills, find work and hold a roof over their heads-life is incredibly challenging for the deprived people in the UK. In recent years, we've seen how families are battling food poverty thus, increasing numbers of people are sleeping rough and refugee and asylum-seeking communities continue to face uphill struggles.

We believe that everyone has the right to education, food and a source of income; that's why we're working across the UK to support vulnerable individuals and communities in need and to empower lives.

Water is fundamental to life. Yet, today, millions of people (who already struggle against poverty), lack access to clean and safe water sources. 'Benefit Mankind' provide water to empower communities across the world by giving them the means to improve the quality of their lives. Your support enables us to install hand pumps, wells and boreholes around the world.

A water hand pump for a family or a water well for a community can transform lives. Clean and safe water improves health, it provides security and stability. Moreover, it emancipates women and children from the daily chore of walking for hours to obtain water. Instead, this time can be devoted to pursuing education and livelihoods.

Countries such as Yemen, Pakistan, Sri Lanka, Indonesia and Malawi were provided with a vast number of pumps and wells to ease the struggles of poor families.

To view our global water sanitation projects, kindly visit www.benefitmankind.co.uk/water

Help us Provide Water

Projects start from just £45

www.benefitmankind.co.uk/water

From the onset, Benefit Mankind has built villages in Malawi, Yemen, Indonesia, Jordan and continues to support families with education and empowerment. With Support from all our donors we are able to give the families a roof over their heads; those who unfortunately lost their homes to manmade wars or natural disasters.

As well as building bricked homes, we also support families living in tents as they need continuous help; we also aim to provide shelter homes to these families.

Many families around the world still live in tents or temporary accommodation and need our support. Priority is always given to the elderly, widows, orphans and the disabled.

To view all of our global shelter projects, kindly visit www.benefitmankind.co.uk/shelter

BENEFIT MANKIND
"THE BEST OF MANKIND ARE THOSE WHO BENEFIT"

Help us save lives

www.benefitmankind.co.uk/health

Benefit Mankind aids poor communities to improve their lives. With a focus on sustainable development, our programs give poor people better access to essential services and the opportunity to improve their livelihoods and lift themselves out of poverty- permanently.

With your donations, we have helped shape the lives of many. Your donations have helped families start up their own businesses such as, buying someone a rickshaw, equipping fishermen with canoes, gifting a widow a sewing machine (gaining her an income), helping someone set up a grocery store, planting trees in local farmlands and chicken poultry farming projects.

Benefit Mankind believe nobody should go through life without being given a chance of making a living for themselves and their families. The support you provide is changing lives for the better and is providing a tool for generations to come.

To view all of our empowerment projects, kindly visit www.benefitmankind.co.uk/empowerment

Benefit Mankind builds a new medical centre in Sri Lanka providing free medical treatment to 3 villages which accommodates of 3,000 families in the Eastern Province, the facility has been approved and registered by the Health Secretary and Divisional Secretary in Sri Lanka

The new facility provides Maternity services, Eye treatment, ECG facilities, Childrens Unit and a Pharmacy to provide medicine which is overseen by medical professionals.

Our Trustee Rizwan Gharda and CEO Dr Mulla visited the facility and met with government officials in Sri Lanka. The project was an essential requirement to help save lives for these poor regions where before families had to travel for over an hour on bicycles for any medical needs.

The medical centre includes A&E department, which is saving lives and protecting the communities on a daily basis.

To support the centre, kindly visit www.benefitmankind.co.uk/SriLanka

Benefit Mankind are grateful to, 'Blackburn Rovers Football Club' for choosing Benefit Mankind as their official charity partner.

During the partnership we worked together on an array of fundraising and awareness activities; these were aimed at tackling homelessness, domestic violence and poverty, whilst supporting less fortunate families and people in need, both in the local area and abroad.

During the partnership we have supported cancer and dementia patients, homeless projects and delivered football kits to orphans around the world- a great partnership, making an enormous difference. At the same time families affected by the Pakistan floods were provided emergency aid.

Kits have been distributed to orphans in Jordan, Indonesia, Lebanon and Malawi. A project which has been gracefully appreciated.

Indeed, a special partnership.

Benefit Mankind in partnership with ALMF build a new orphans and widows centre in Gaza Palestine.

The centre named after Zainab RA provides daily support to widows and orphans who have been through difficulties and challenges. The centre includes empowerment, social care, wellbeing, tailoring, repairing and much more.

it is estimated thousands of orphans and widows are suffering from mental health and depression due to continuous crisis in the region. Our mission is to provide social, humanitarian and educational services directed at instilling self-discipline, including moral self-discipline, in the orphans and widows at risk. This through a close relationship with the local community that protects the beneficiaries' dignity.

To Support the project kindly visit www.benefitmankind.co.uk/widows

The crisis being caused predominantly by high inflation outstripping wage and benefit increases has been further exacerbated by recent tax increases.

The cost of living has increased over the past few years posing a real threat to many families, making it more difficult for low-income households to make rent payments. With this in mind, Benefit Mankind launched a helpline in Lancashire, Yorkshire and Greater Manchester.

This helped families with emergency food parcels; the response was unprecedented, and we delivered food parcels within a few hours to the doorsteps of struggling families.

Working families were also struggling to make ends meet, as well as the elderly and families on benefits. We will continue to support families in the UK working with the local councils with whom we have regular meetings and discussions.

Priceless Smiles

Benefit Mankind operates with a 100% donations policy meaning any Zakaat, Sadaqah, Lillah and charity donations you make, go towards your selected project.

100% donations policy means every single penny donated is used strictly for charitable efforts. Donations made via our website and bank transfers for projects mean, nothing is removed for fundraising or administration costs. Whether £1 or £100 therefore, every amount goes on your project. This fact should assure you when donating, as you know exactly where your donation is being spent.

Like any organisation, Benefit Mankind has administration costs and overheads to meet, so how do we run the organisation if we don't touch your valued donations? The charity utilises funds received from Gift Aid and Admin option on our website.

Inspired by our faith, we work with an inclusive approach to all people, regardless of their faith, race, ethnicity, age and ability. We recognise the complexity and dynamic nature of the work we engage with. We actively seek a 'hands on' approach from all levels to address the underlying structural and systematic causes of poverty within the communities we work with.

Benefit Mankind is committed to the following key values:

- 1) We are driven and motivated by sincerity to Almighty God and our duty to humanity.
- 2) A commitment to excellence is a hallmark of our operations, programmes and conduct towards the vulnerable people we serve.
- 3) Every life is valuable, so we join other humanitarian actors in easing the suffering caused by disasters, poverty and injustice.
- 4) We empower poor and vulnerable people to have their rights fulfilled and to achieve their God-given potential.
- 5) We value and protect the Earth and its resources, including its people, and we aim to honour the trust people place in us to be transparent and accountable.

2020 Annual Accounts

TOTAL INCOME £1.13M

Breakdown:

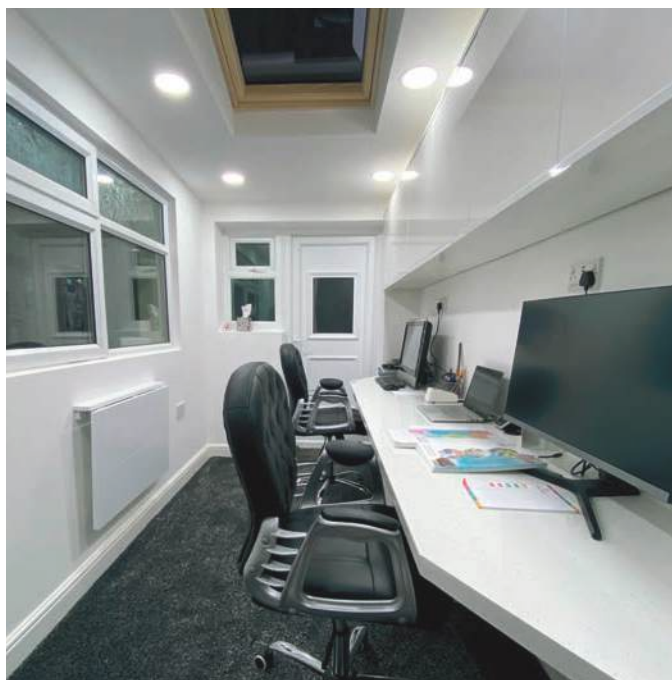

Total Donations £1.02m
Total Gift Aid £110k
Total Income for 2020 £1.13m

Total Project Expenditure £1.05m
Total Balance at year end £75k

Number of Employees - 0
Number of Volunteers - 50

Note: Project expenditure more than donations received as gift aid funds used towards projects. The charity will utilise gift aid towards projects dependant on need. Out of the £110k gift aid received, only £75k was left over for emergencies and year after running costs.

Benefit Mankind do not pay for any advertising and only promote work via social media and word of mouth.

2020 being the inception of Benefit Mankind showed unexpected growth for a new charity. The Covid response helped us become a household name locally and meant we could expand our work around the world.

With help from volunteers, the charity has grown rapidly and hopes to increase its efforts locally and abroad.

2020 a temporary office was built on Ripon Street due to Covid which has been the forefront of all activities. This temporary office has saved the organisation unnecessary overheads.

The Management team would also like to thank all our donors and volunteers for supporting the charity. The volunteers played a crucial role in delivering emergency food and hygiene kits during lockdown to families within a 6 hour window. Ensuring families were kept safe and didn't go to sleep hungry.

2020, a year to remember.....

2021 Annual Accounts

TOTAL INCOME £2.7M

Breakdown:

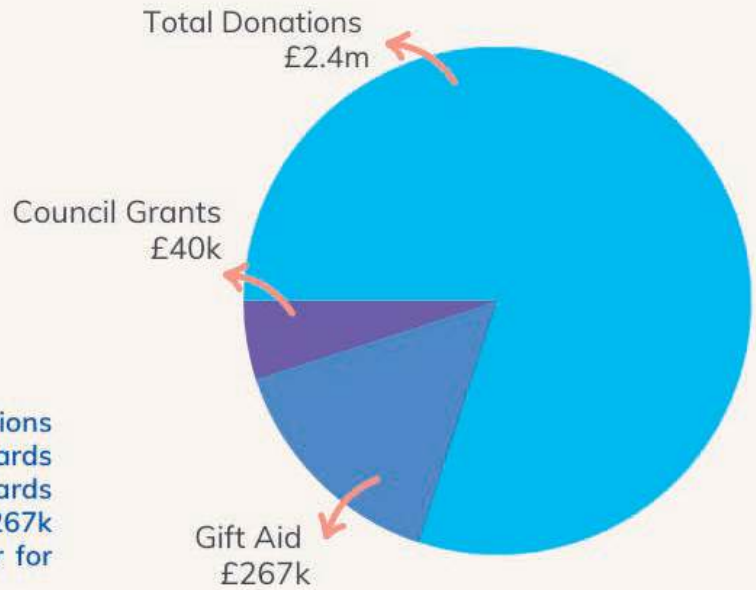

Total Donations £2.4m
Total Gift Aid £267k
Total Income for 2021 £2.7m

Total Project Expenditure £2.59m
Total Balance at year end £111k

Number of Employees - 1
Number of Volunteers - 100

Note: Project expenditure more than donations received as gift aid funds used towards projects. The charity will utilise gift aid towards projects dependant on need. Out of the £267k gift aid received only £111k was left over for emergencies and year after running costs.

Benefit Mankind do not pay for any advertising and only promote work via social media and word of mouth. Printing materials are sponsored by business associates.

2021 saw continued growth of the organisation and also witnessed more families being empowered and educated around the world.

A year where, Blackburn Rovers FC also selected Benefit Mankind as the official charity partner which was indeed a great accolade to add to many other awards received.

During the year, the charity continued to help local struggling families as well as increasing efforts to work with the local councils who provided grants to help Covid struggling families and the Cost of Living crisis.

With 1 employee and over 100 hundred volunteers, the charity is delivering aid globally when it matters the most. The public are benefiting greatly and the charity are now responding to disasters within 24 hours around the world thanks to professional partnerships formed.

The Management would like to thank all our supporters, donors, volunteers and governments around the world for helping us fulfil our vision.
