THE BEST OF MANKIND ARE THOSE WHO

BENEFIT MANKIND

WWW.BENEFITMANKIND.CO.UK

Assalamualykum WW.

May peace and blessings be upon you all.

The past few years have been full of challenges, trials, and uncertainty with the pandemic and the cost of living crisis which has affected the whole world. We are all facing unprecedented situations that are impacting us personally and professionally.

Benefit Mankind was established with one vision: to help mankind and make a lasting difference. Since our inception a few years ago, we have actively been assisting humanity; with projects such as empowerment, education, emergency aid, water sanitation, shelter, orphan/widows support, and locally homeless projects, tackling domestic violence and supporting struggling families across the UK. A special thanks to our dedicated volunteers and generous donors- your support is invaluable without it we would cease to exist.

The relentlessly escalating climate change has also fuelled hunger and suffering worldwide. This was another important priority for Benefit Mankind, we supported some of the communities hit hardest by the increased frequency and severity of storms, floods and drought.

Our projects are helping these communities to forge livelihoods that can better withstand extreme weather. For instance, the Education projects equip people with knowledge thus, enabling them to make smart use of renewable energy and in turn making positive changes within their lives.

Over the past few years we won the, 'Group of the Year' award and the, 'Community Award' (which was nominated by the public). Furthermore, we are the official charity partner for Blackburn Rovers Football Club. Such accolades are a testimony to the great service being provided both locally and internationally.

We urge you all to support our projects online at www.benefitmankind.co.uk. Help us to increase our capacities in reaching out to the poor and needy, as they are inflicted with the many disasters that have now become a present norm.

At Benefit Mankind, we always strive to serve humanity in a professional, efficient and effective manner. All our feedback is posted daily on our website and social media channels. If you haven't yet subscribed to our channels, please do so and share with your loved ones.

Finally, from myself and our respected trustees, we would like to thank you all for your continuous support over the past 5 years. Please stay safe during these challenging times and keep us in your prayers.

Kind Regards,

A. Mulla

(Hafiz, Prof, Dr) Abdussamad Mulla
Chief Executive Officer
Dr, PhD, Litt, Hons - USA & Spain

Celebrating five incredible years of serving humanity, we are proud to reflect on the impact we've achieved together. With your unwavering support, we have been able to touch the lives of millions around the world, bringing hope, relief, and positive change to those who need it most. Thank you for being an essential part of this journey as we continue to work toward a brighter future for all.

Since establishing in 2020, we have actively been supporting local projects in the UK which include: tackling domestic violence, cost of living crisis, homeless support, care home projects, dementia care and increased projects in relation to cancer awareness.

Many people are struggling to pay their bills, find work and hold a roof over their heads-life is incredibly challenging for the deprived people in the UK. In recent years, we've seen how families are battling food poverty thus, increasing numbers of people are sleeping rough and refugee and asylum-seeking communities continue to face uphill struggles.

We believe that everyone has the right to education, food and a source of income; that's why we're working across the UK to support vulnerable individuals and communities in need and to empower lives.

Water is fundamental to life. Yet, today, millions of people (who already struggle against poverty), lack access to clean and safe water sources. 'Benefit Mankind' provide water to empower communities across the world by giving them the means to improve the quality of their lives. Your support enables us to install hand pumps, wells and boreholes around the world.

A water hand pump for a family or a water well for a community can transform lives. Clean and safe water improves health, it provides security and stability. Moreover, it emancipates women and children from the daily chore of walking for hours to obtain water. Instead, this time can be devoted to pursuing education and livelihoods.

Countries such as Yemen, Pakistan, Sri Lanka, Indonesia and Malawi were provided with a vast number of pumps and wells to ease the struggles of poor families.

From the onset, Benefit Mankind has built villages in Malawi, Syria, Yemen, Indonesia, Morocco, Jordan and continues to support families with education and empowerment. With Support from all our donors we are able to give the families a roof over their heads; those who unfortunately lost their homes to manmade wars or natural disasters.

As well as building bricked homes, we also support families living in tents as they need continuous help; we also aim to provide shelter homes to these families.

Many families around the world still live in tents or temporary accommodation and need our support. Priority is always given to the elderly, widows, orphans and the disabled.

2024

Benefit Mankind aids poor communities to improve their lives. With a focus on sustainable development, our programs give poor people better access to essential services and the opportunity to improve their livelihoods and lift themselves out of poverty- permanently.

With your donations, we have helped shape the lives of many. Your donations have helped families start up their own businesses such as, buying someone a rickshaw, equipping fishermen with canoes, gifting a widow a sewing machine (gaining her an income), helping someone set up a grocery store, planting trees in local farmlands and chicken poultry farming projects.

Benefit Mankind believe nobody should go through life without being given a chance of making a living for themselves and their families. The support you provide is changing lives for the better and is providing a tool for generations to come.

Benefit Mankind builds a new medical centre in Sri Lanka providing free medical treatment to 7 villages which accommodates of 6,000 families in the Eastern Province, the facility has been approved and registered by the Health Secretary and Divisional Secretary in Sri Lanka

The new facility provides Maternity services, Eye treatment, ECG facilities, Childrens Unit and a Pharmacy to provide medicine which is overseen by medical professionals.

Our Trustees and CEO visited the facility and met with government officials in Sri Lanka. The project was an essential requirement to help save lives for these poor regions where before families had to travel for over an hour on bicycles for any medical needs.

The medical centre includes A&E department, which is saving lives and protecting the communities on a daily basis.

To support the centre, kindly visit www.benefitmankind.co.uk/SriLanka

OFFICIAL PARTNERS

Benefit Mankind are grateful to 'Blackburn Rovers Football Club' for choosing Benefit Mankind as their official charity partner.

During the partnership we worked together on an array of fundraising and awareness activities; these were aimed at tackling homelessness, domestic violence and poverty, whilst supporting less fortunate families and people in need, both in the local area and abroad.

During the partnership we have supported cancer and dementia patients, homeless projects and delivered football kits to orphans around the world- a great partnership, making an enormous difference. At the same time families affected by the Morocco earthquake were provided with emergency aid.

Kits have been distributed to orphans in Bangladesh, Kenya, Jordan, Indonesia, Lebanon and Malawi. A project which has been gracefully appreciated.

Indeed, a special partnership.

Benefit Mankind proudly unveils a transformative project with the inauguration of a new orphanage in Sylhet, Bangladesh. This endeavor underscores the organisation's commitment to providing a haven for orphaned children, offering not only shelter but also a comprehensive educational and empowerment framework.

Equipped with modern facilities and boarding accommodations, the orphanage seeks to create a supportive community environment, ensuring that these children receive not just basic care but a foundation for a brighter future.

The establishment of this orphanage is a testament to the organisation's unwavering commitment and the generosity of those supporting their cause. By addressing the unique needs of orphaned children in Sylhet, Benefit Mankind not only provides immediate relief but also contributes to a long-term vision of societal improvement through education and empowerment.

The crisis being caused predominantly by high inflation outstripping wage and benefit increases has been further exacerbated by recent tax increases.

The cost of living has increased over the past few years posing a real threat to many families, making it more difficult for low-income households to make rent payments. With this in mind, Benefit Mankind launched a helpline in Lancashire, Yorkshire and Greater Manchester.

This helped families with emergency food parcels; the response was unprecedented, and we delivered food parcels within a few hours to the doorsteps of struggling families.

Working families were also struggling to make ends meet, as well as the elderly and families on benefits. We will continue to support families in the UK working with the local councils with whom we have regular meetings and discussions.

To support the UK projects visit www.benefitmankind.co.uk/uk

Benefit Mankind is thrilled to introduce a groundbreaking initiative aimed at fostering inclusivity and empowerment for individuals with special needs. Through this initiative, we are offering opportunities for these individuals to visit our UK office and contribute to our projects addressing the cost of living crisis. By providing them with meaningful tasks and responsibilities, we aim to not only empower them but also to instill a sense of purpose and fulfillment.

At Benefit Mankind, we understand the importance of creating an inclusive environment where everyone feels valued and appreciated for their unique abilities. By inviting individuals with special needs to participate in our projects, we hope to break down barriers and promote a more diverse and accepting society.

Through this initiative, Benefit Mankind is not only making a positive impact on the lives of individuals with special needs but also enriching our own organisation with their unique perspectives and talents. We believe that by working together, we can create a more equitable and compassionate world where everyone has the opportunity to thrive.

Benefit Mankind operates with a 100% donations policy meaning any Zakaat, Sadaqah, Lillah and charity donations you make, go towards your selected project.

100% donations policy means every single penny donated is used strictly for charitable efforts. Donations made via our website and bank transfers for projects mean, nothing is removed for fundraising or administration costs. Whether £1 or £100 therefore, every amount goes on your project. This fact should assure you when donating, as you know exactly where your donation is being spent.

Like any organisation, Benefit Mankind has administration costs and overheads to meet, so how do we run the organisation if we don't touch your valued donations? The charity utilises funds received from Gift Aid and Admin option on our website.

The Community Group Award

HIGHLY COMMENDED

Benefit Mankind

Benefit Mankind is actively partnering with schools across the UK to deliver assemblies focused on the themes of appreciation and community support. These assemblies aim to instil values of gratitude and awareness among students, encouraging them to recognise and appreciate the contributions of others in their lives.

By highlighting the importance of being thankful and considerate, Benefit Mankind is helping to foster a culture of kindness and empathy within the school environment.

In addition to these assemblies, Benefit Mankind is also supporting various local projects throughout the UK, reinforcing its commitment to community welfare. These initiatives are designed to address specific needs within local communities, ranging from aiding the homeless to supporting food banks and other essential services.

By engaging with schools and local projects, Benefit Mankind is making a significant impact, empowering young people to contribute positively to their communities and understand the importance of helping others.

Inspired by our faith, we work with an inclusive approach to all people, regardless of their faith, race, ethnicity, age and ability. We recognise the complexity and dynamic nature of the work we engage with. We actively seek a, 'hands on' approach from all levels to address the underlying structural and systematic causes of poverty within the communities we work with.

Benefit Mankind is committed to the following key values:

- 1) We are driven and motivated by sincerity to Almighty God and our duty to humanity.
- 2) A commitment to excellence is a hallmark of our operations, programmes and conduct towards the vulnerable people we serve.
- 3) Every life is valuable, so we join other humanitarian actors in easing the suffering caused by disasters, poverty and injustice.
- 4) We empower poor and vulnerable people to have their rights fulfilled and to achieve their God-given potential.
- 5) We value and protect the Earth and its resources, including its people, and we aim to honour the trust people place in us to be transparent and accountable.
